

The EyeEarn Custom Domain program is an optional program that allows you to use a custom EyeEarn.com domain name (e.g. www.EyeEarn.com/YourName) in your marketing.

With your own custom domain, you can promote EyeEarn with a URL that is shorter and easier for people to remember and type than an EyeEarn Gateway URL. And no SFI ID number is needed.

The EyeEarn Custom Domain program also opens the door to a wide variety of other marketing/advertising options. You can have your custom domain printed on thousands of differerent promotional items (pens, keychains, magnets, calendars, mugs, mousepads, etc.) that you can use as free giveaways. You can get customized, full-color postcards, X-Cards, fliers, posters, and more. Generate massive exposure with a billboard; sponsor sporting events and concerts; or outfit local sports teams with customized uniforms. The possibilities are endless! And for all of these projects, SFI does all the heavy lifting for you -providing professional, customized artwork and facilitating production.

An EyeEarn Custom Domain is just \$59 a year (less than \$5/month). This price includes custom artwork preparation and production for up to two projects. For additional projects, there is a fee of \$12* per project for artwork preparation and production.

To order your EyeEarn Custom Domain, complete and submit this form. All domain names are unique and are provided on a first-come, first-served basis. Maximum of 8 characters (letters and/or numbers). We reserve the right to reject any domain name request.

* Standard project fee is \$12. Additional fees may be applicable for some projects.
