

Seeking Artists For Song Contest

Music artists worldwide are invited to add their music to introduce their sounds to TripleClicks' more than 1.6 million members. Registering is FREE, and all artists get their own Artist Page on TripleClicks.com to promote their music, communicate with fans, sell tickets and merchandise, and more.

Each month, TripleClicks.com members *in more than 190 countries worldwide* listen to and vote for their favorites songs in the contest. Each vote also includes an instant download of the chosen song. The song with the most votes at the end of the month wins!

If you're the winner, you and your song will be featured on TripleClicks.com's homepage for the entire following month and available for download by all members!

What's more, the contest names a winner for each of 14 GENRES each month, giving artists *multiple* opportunities for recognition and bragging rights.
